<b>Notes</b>									
Some plants are grown in limited quantities only.									
Species will be added as they become available.									
Most cutting grown varieties or hybrids are only available in pots not tubes.									
Tubes and Hiko Cells are generally the seed grown species.									
The species list will change season to season depending on demand.									
Speices marked with a 'P' are our premium range see price list.									
Plants in container sizes that are left blank are not normally available in this size.									
Hiko Cells are grown to order but some excess stock will be available at certain times.									
Many other varieties might be in stock but in small numbers please ask.									
Orders can be placed anytime with larger discounts given to forward orders. 20% Deposit required.									
Rochester Nursery reserves the right to alter prices without notice.									
<b>Key:</b>
